

22 July, 2013

To,

Afghanistan Center for Excellence (ACE)

Kabul, Afghanistan

**Subject: Appreciation letter**

Dear Sir,

Moby Group would like to express their highest gratitude to ACE (Afghanistan Center for Excellence) for providing training to our employees in the two very significant fields, the Project Management and Business Communication. We found from our employees who participated in both PM and BC trainings for 176 hours that the training was very beneficial, for which we are very grateful.

It's worth mentioning that the curriculum developed for the course, and the training skills shown by ACE trainer was exceptional. We are happy to say that the training provided was completely based on the need of our organization and will help our employees in improving their routine jobs.

We look forward for long lasting relations with ACE, and wish you all the best in your efforts in developing workforce capacity in Afghanistan.

Yours faithfully,

Zalmay Akbary

HR Employee Relations Manager
